

## Coalition for the Homeless Care Kit Supply List

Care Kits, otherwise known as Hygiene Kits can vary, but they are generally small sealed bags filled with travel-sized toiletries that can be easily distributed directly to people on the streets and in shelter through our Crisis Intervention and Grand Central Food Programs. It is important that the bags are **pre-assembled** for the most immediate and effective distribution.

Suggested items include:

- **Disposable** masks (we are unable to accept reusable ones)
- Hand sanitizers
- Toothbrushes/toothpaste
- Lotion
- Sensitive skin body wash/soap
- Shampoo/conditioner
- Mouthwash
- Deodorant
- Hats/gloves/socks
- Hand warmers
