Annual Notice to Parents, Teachers and Employees as per 40 CFR §763.93 (g) (4)

August 2024

Dear Parents, Teachers and Employees of the Cedar Grove School District,

In accordance with the Asbestos Hazard Emergency Response Act (AHERA), parents and guardians, teachers, children and employees of the Cedar Grove Board of Education must be notified annually of the district's activities regarding asbestos found in the schools.

Under the AHERA Regulation, it was required that all educational facilities are inspected for asbestos containing materials. Subsequent Tri-Annual Re-Inspections and periodic surveillances (every six months) are required to update and maintain the Asbestos Management plan. The last 3 Year Re-Inspection was conducted in April 2022.

AHERA Consultants, Inc. will be conducting the next periodic surveillance in October 2024. Following the surveillance, reports will be assimilated into the Management Plan and be available inside the main office of each school building as well as the Cedar Grove Board of Education Administrative Offices. They will be available for review during normal operating hours.

AHERA Consultants, Inc. will also conduct an awareness training seminar for all custodial and maintenance staff. Additionally, AHERA Consultants, Inc. will sign on as the district's "Designated Person" for asbestos related issues. AHERA Consultants, Inc. will work closely with us to keep us informed of any potential issues within the district.

Regards,

John Bannon
